Mailing Address: *Field not completed.*

City/State/Zip: [REDACTED]

Cell Phone: [REDACTED]

Email: [REDACTED]

Which board/commission are you applying for? Board of Adjustment

Why are you interested in being a member on this Board/Commission? Being a full member of the Foothills RETAC allows me an opportunity to assist in guiding regional emergency medical care, as well as advocating for and giving a voice to Clear Creek County.

What "team/board" experience have you had in the past? (e.g. homeowners association, college committee, government or board positions, organized group activities): I have been active within the Foothills RETAC whole blood sub committee, the Colorado Whole Blood coalition (CWBC), and CWBC data sub committee. I also established and briefly managed the CCHAT resource committee.

What do you believe you could contribute to this Board/Commission: Currently, I provide the Foothills RETAC with data collection and presentation services for the whole blood program. As the clinical education captain for Clear Creek, one of the pilot sites for whole blood, i have been an active voice in guiding and molding the regional program. I am a frequent presenter at FRETAC forums, and have also spoken to other RETAC's on the behalf of the

Foothills RETAC.

What current topics about the County concern you? (e.g., development, preservation, economy, revenues, housing, workforce, etc. ):

The passion for medical equity in rural communities has driven most of my career with Clear Creek EMS. From medical advancements that stretch the scope of paramedics as a whole in Colorado, to guiding the creation of an alternate response program that utilizes social detriments of health as a guiding pillar, rather than conventional enforcement models. I appreciate the opportunity to continue to advocate for rural communities such as Clear Creek, on a regional level.

---

Do you have any past involvement or experience with the County? (e.g., building permits, land use process, volunteerism, etc.)

I have been with Clear Creek EMS for over 6 years, and have spent over half of that time in leadership positions. I have been a foundational member in the expansion and up keep of our emergency medical capabilities and worked with a multi-disciplinary team to develop and implement the Community Crisis & Health Assistance Team.
