

URGENT COVID-19 TESTING UPDATE AS OF JANUARY 22, 2021

Due to the recent discontinuation of the CURATIVE TEST SITES by the State, the Clear Creek drive-thru test site in Idaho Springs is cancelled until further notice. County Public Health is exploring lab availability and other logistics to re-open a Clear Creek County test site as quickly as possible.

Summit County is offering three alternative sites for community testing:

- Silverthorne run by MAKO through CDPHE that is a drive-thru
- Frisco run by Centura
- Breckenridge run by Vail Health

These are NOT Curative tests and anyone can use them.
