**STATE MOVES CLEAR CREEK COUNTY TO LESS RESTRICTIVE COVID-19 DIAL LEVEL**

Effective Thursday, February 11 at 6:00am, the Colorado Department of Public Health and Environment (CDPHE) will move Clear Creek County to the less restrictive Dial Level Yellow – Concern.

Reports Clear Creek County Public Health Director Dr. Timothy Ryan, “CDPHE has received and reviewed our testing data from the past two weeks and based on our lower COVID-19 incidence rate, we were recently informed that the County will be moved to the less restrictive yellow level.” For the past three months, Clear Creek County has been in the State’s Safer at Home Dial Level Orange – High Risk.

One of the most notable differences between the Yellow and Orange levels is restaurant capacity. In Yellow, indoor restaurant capacity is increased to 50% or 50 people (or up to 150 people using the capacity calculator). Gyms/Fitness Facilities and Personal Services can also increase to 50% capacity or 50 people.

For more information on Dial 2.0, including detailed guidelines and restriction changes for all business sectors, visit <https://covid19.colorado.gov/covid-19-dial>.

Says Dr. Ryan, “The Clear Creek community – residents and business – has been doing a great job following the public health guidance of social distancing, wearing a mask and avoiding in-person gatherings. That cumulative effort has made it safer for everyone.”

Last Friday, CDPHE introduced a new version of the COVID-19 Safer at Home dial called Dial 2.0. This tool allows Colorado to balance the ongoing need to contain the COVID-19 virus with the need for localized guidance during the pandemic.

For more information on Clear Creek County testing, vaccinations, the February 11th Virtual Town Hall and other local COVID-19 resources, visit our website at [www.clearcreekcounty.us/covid19](http://www.clearcreekcounty.us/covid19)

Until the majority of the population is vaccinated, the best way to keep our community healthy is to avoid in-person social gatherings and when in public, wear a mask, keep your distance from others and practice good personal hygiene.
